ABOUT ME

Web Developer

I am a passionate MERN stack web developer who is always eager to learn and implement new things every day. I'm currently a 3rd-year undergraduate student in Computer Science at Haramaya University. After joining the Computer Science department, I developed a strong interest in technology—especially in web development. In addition to my coursework, I have taken online courses and built practical projects to deepen my knowledge and skills.

EDUCATION

Haramaya University, Department of Computer Science
2015 - Now
